WHY JOIN SME?

LEARN...

SME MEMBERSHIP LINKS YOU WITH THE LATEST IN WHAT'S HAPPENING IN MANUFACTURING, INDUSTRY TRENDS AND DEVELOPMENTS.

- **Eight Technical Communities** and more than 14 Tech Groups — Connect virtually anytime, anywhere with technical experts to share and gain knowledge. Find a Mentor in your industry.

- **Local Chapter Membership** — Build your local connections and network with members on or near your campus. Meet potential mentors, partners and employers.

- **Lean Registry & SME Connect** — Blog, chat, ask and answer questions. All at your fingertips.

- **Online Social Networking** — Follow SME on Facebook, Google+, LinkedIn and Twitter to make new connections and keep up to date on SME's activities.

CONNECT...

SET YOURSELF APART FROM OTHERS; SEEK NEW OPPORTUNITIES TO GROW.

- **Ask the SME Librarian** — Have a class project to research? Access this customized research service for information you might not find online.

- **Access to more than 16,000 Technical Papers** — Want to impress your professor? Download the most recent research information in seconds and get some great information for your next paper or presentation.

- **Monthly Webinars** — Hear from industry experts on a variety of technical topics.

- **SME Daily Executive Briefing** — Receive manufacturing e-news compiled and customized for members on manufacturing, education, workforce development and more.

- **Manufacturing Engineering Media** — Read the latest information from the authoritative voices in manufacturing.

ADVANCE...

GROW WITH EDUCATION PROGRAMS DESIGNED TO HELP YOU DEFINE YOUR CAREER.

- **Scholarships** — Money doesn't grow on trees. Last year, more than 250 students received SME Education Foundation scholarships. You could be next.

- **Special Student Contests, Events, Programs** — Participate and gain exposure to real-life situations.

- **SME Certification** — Stand out from the crowd by validating your manufacturing knowledge by earning your Certification Manufacturing Technologist (CMfgT) certification.

- **Jobs Connection** — Receive priority listing in our database and search hundreds of top manufacturing positions.

- **Career Coaches** — Get one-on-one coaching on what your next steps should be, plus "Ask the Expert" interviewing advice and more.

- **Substantial Discounts** — Receive discounts on all our education, certification and certificate programs, including books and videos.

- **Give Back** — Volunteer for a leadership position in your Local Student Chapter, which looks great on a resume, and promote manufacturing education to the next graduating group.

It's time to get the UNCC SME Student Chapter activated and you're being invited to be a part of it. Dues for students are $20 a year, but right now your senior chapter (Southern Piedmont Chapter #182), is going to cover your first year's membership dues — a win-win for sure. Interested?
